small entity fees when small entity status may have no longer been appropriate due to a licensing agreement. Applicant submits this filing to respectfully request excuse of any error with respect to payment of the below-identified fees as a small entity in the above-identified application and patent.

The fees which may have been paid as small entity fees in error are identified below. Additionally, pursuant to 37 CFR 1.28(c)(2)(ii), Applicant submits an itemization of the below-identified fees. Pursuant to 37 CFR 1.28(c)(2)(ii)(A), the itemization includes, for each of the below-identified fees, an identification of the particular type of fee. Pursuant to 37 CFR 1.28(c)(2)(ii)(B), the itemization includes, for each of the below-identified fees, the small entity fee actually paid, and when. Pursuant to 37 CFR 1.28(c)(2)(ii)(C), the itemization includes, for each of the below-identified fees, the deficiency owed amount. In accordance with 37 CFR 1.28(c)(i), the deficiency owed for each of the below-identified fees is the difference between the current fee amount (for other than a small entity) and the amount of the small entity fee payment. Pursuant to 37 CFR 1.28(c)(2)(ii)(D), the total deficiency payment owed for the above-identified application and patent is provided below and is the sum of the individual deficiency owed amounts for each of the below-identified fees individually calculated pursuant to 37 CFR 1.28(c)(2)(ii)(C). This filing includes payment of the total deficiency owed pursuant to 37 CFR 1.28(2) resulting from payment of the below-identified fees paid as small entity fees instead of as large entity fees.
